SEASON'S OPENING DAY

The Season's opening for 2017/18 will take place at the club on---

Saturday September 2 at noon.

The official ceremony will be followed by a light lunch, which in turn will be followed by an organized game of bowls.

A list will shortly be displayed on the notice board. Dress code is Club uniform.

Please indicate whether you will be attending lunch and bowls, by marking the relevant column.

If you are away from Melbourne, please ask someone to do this for you, in order to assist the organizers of this event.

With Thanks

Danny Miller

NEW MEMBERS

A warm Armadale welcome to our two new full members Jan & Nathan Kamien.

SPONSORS

Our valued Sponsors are a very important part of our Club community with Sponsors contributing about 10% of our annual revenue. Can we ask that you please be aware of who our Sponsors are, by checking in the Fixture Book or on

our website and on the board in the Clubroom. Whenever possible, please support them and make it known to them that you are a member of the Armadale Bowls Club.

Also, if you have an idea or suggestion as to who could be approached as a possible Sponsor, please advise Jack Cooper, Robyne Schwarz, Lorraine Kindler or Rob Millingen, who will follow up the lead. We all have wide circles of contacts who could provide a source of new Sponsors

In the coming months, a member of the sponsorship committee may contact you personally to ask if you can assist by providing the name of a company or service provider who might be a potential sponsor. Your assistance will be greatly appreciated and benefit your Club.

Winners! BV Bowlers Arm Flyer Competition

What a fantastic season of Victorian Arm Bowling events held during the 2016-17 season! Clubs were offered a great competition and opportunity to produce a flyer to promote their Arm event combined with a follow-up report to place them in the running for some awesome prizes from our approved bowlers arm manufacturers DHB, The Bionic Bowler and The Bowling Arm. Thanks to all clubs for participating and we hope your flyers encouraged maximum participation in your events.

Major Winner: 1 x The Bowling Arm - Bowlers Arm, 1 x DHB - Bowlers Arm and 1 x The Bionic Bowler – Bowling Arm! Armadale BC - Imagine going to your motor car dealer, asking for a brand-new Holden Commodore SS-V, then waking up on delivery day to find a brand new Maserati parked in your driveway. This was what we got from Armadale BC. Firstly, with an excellent, well produced flyer, but their trump card was a brilliant video report on their day, which has been viewed over 1,500 times on YouTube (via their channel, MOVE's channel, and the BV website). They've gone above and beyond what we asked for - producing a match report which is effectively a promotional tool for the fastest-growing area of the sport, and a legacy for bowls. The Club has raised the bar for professionalism in Bowlers Arm competition on all fronts.

On being presented with their prizes, Armadale BC Armed Bowls Coordinator David Bernard stated, "I'm thrilled that Armadale BC has been recognised for their efforts in advertising and promoting their Armed Event and to think that I was going to give the sport of bowls away three years ago until I took up using an arm to keep playing."

David went on to say, "through Armadale BC's promotion and education of the benefits of using an Armed Device he has been able to extend his and other's connection with the sport he loves playing, and that's what it's all about."

Jack Cooper, Past President and Club Sponsorship manager for Armadale BC said, "We're delighted that we have won this prize and the Arm Devices will be put to excellent use in providing Bowling Arm Coaching under the guidance of Coach Leon Cohen."

Both David and Jack were full of praise for the support provided by the Arm Device manufacturers, Peter Bloomfield of The Bionic Bowler, Greg Sherman of The Bowling Arm and Nick Atkins of DHB who all provided their products and the vouchers for this initiative and also to Bowls Victoria for their work in assisting and promoting the Arm Device movement.
