SAFETY INFORMATION.

I Love my second chance at life

A HUMAN chain of life support across a Cheltenham industrial park, linked by three emergency service units and a hospital ward, has saved new mum Samantha Jobe. She was about to start warming up for her workout at Crossfit121, with husband Damien and eight-week-old daughter Makayla looking on, when she collapsed. Mrs Jobe, 32, hadn't tripped, as gym instructors first thought. Her heart had stopped and she had no pulse. Gym owner Chris Hogan and trainer Tara Smith swung into action, alternating between CPR compressions and breaths, while his wife Maria sprinted to nearby chemical company BASF. It recently bought a defibrillator, and had told other businesses in the Taunton Drive industrial estate.

BASF workers Chloe Collins and Jack West ran the device back to the gym, where they successfully shocked Mrs Jobe to regain a pulse. An ambulance crew, fire brigade and a MICA unit arrived within ten minutes. They took over CPR and administered a breathing tube and blood pressure medications, to keep Mrs Jobe stable until she arrived at hospital.

MICA paramedic Christine Edney said she feared the worst. "People are considered clinically brain dead after four to five minutes, so it's really important to have that early access to CPR and defibrillation," she said. "Any business such as gyms, hospitals, medical centres should have an automatic defibrillator. They're not costly and they save lives."

Monash Heart cardiologists have not been able to find the cause of Mrs Jobe's heart-stopping moment, with no family history of heart disease, She has had a defibrillator implanted — and the gym bought one last week. She has been given the all-clear by doctors to return to exercise, her husband and gym staff have imposed a ban for now.

"I'm looking forward to getting back to a normal life, driving and exercising, but I'm just waiting for them to be comfortable about it," she said. "It's put a lot of things into perspective They saved my life. I know how lucky I am that I will see Makayla grow up."

Our Club very proudly owns 2 AED's (Automated External Defibrillators).

Automated = Once you open the machine (it tells you what to do; to proceed as quickly as possible) and it calculates what is required

External = Pads are placed on the body. The instructions tell you where, and there are pictures located at the machine.

Defibrillator = Shocks the heart (very hopefully) to get the heart started.

* It is used, therefore, if the heart has stopped.

* It can be used by anyone.

* If the emergency arises, get someone or yourself to get the nearest defibrillator and bring it to the patient.

* Please be reminded that if an experienced person, or Safety Officer, is not present – you can act quickly to save someone’s life.

* It may be someone outside in the Park or nearby Sports Ground, a visitor or Club member.

They are located in the:

- Bowls Shed where we store our bowls - on the wall to the right as you come in
- Kitchen/ servery area

Thank you everyone for being “Aware and Responsible” this season.

We have had a very Safe season, thankfully, due to the many precautions that we take.

Thank you to all of our Safety Officers for being on duty throughout the Pennant season and the extreme heat; and to many people at the Club who are vigilant and take care of our Members and each other.

We can still HYDRATE a lot more.

Please let’s keep up our good record throughout the year.

SPONSORS.

Our valued Sponsors are a very important part of our Club community with Sponsors contributing about 10% of our annual revenue. Can we ask that you please be aware of who our Sponsors are, by checking in the Fixture Book or on our website and on the board in the Clubroom. Whenever possible, please support them and make it known to them that you are a member of the Armadale Bowls Club.

Also, if you have an idea or suggestion as to who could be approached as a possible Sponsor, please advise Jack Cooper, Rob Millingen or Buddy Budlender, who will follow up the lead. We all have wide circles of contacts who could provide a source of new Sponsors

In the coming months, a member of the sponsorship committee may contact you personally to ask if you can assist by providing the name of a company or service provider who might be a potential sponsor. Your assistance will be greatly appreciated and benefit your Club.

JOKE OF THE WEEK.

The "Good" Wife

A police officer pulls over a speeding car!!

The officer says. 'I clocked you at 120 km/h, sir.'

The driver says. 'Christ officer, I had it on cruise control at 100.

Perhaps your radar gun needs calibrating.'

Not looking up from her knitting the wife says. 'Now don't be silly dear, you know that this car doesn't have cruise control.'

As the officer writes out the ticket, the driver looks over at his wife and growls. 'Can't you please keep your mouth shut for once?'

The wife smiles demurely and says. 'You should be thankful your radar detector went off when it did.'

As the officer makes out the second ticket for the illegal radar detector unit, the man glowers at his wife and says through clenched teeth. 'F...k it woman, can't you keep your mouth shut?'

The officer frowns and says. 'And I notice that you're not wearing your seat belt, sir. That's an automatic \$75 fine.'

The driver says. 'Yeah, well, you see officer, I had it on, but took it off when you pulled me over so that I could get my license out of my back pocket.'

The wife says. 'Now, dear, you know very well that you didn't have your seat belt on. You never wear your seat belt when you're driving.'

And as the police officer is writing out the third ticket the driver turns to his wife and barks. 'WHY DON'T YOU SHUT THE F..K UP !!'

The officer looks over at the woman and asks. 'Does your husband always talk to you this way, Ma'am?'

I love this ...

'Only when he's pissed.
